Featuring Massey Harris & John Deere

Welcome to the 5th Annual Old Iron Antique Tractor Show 2020

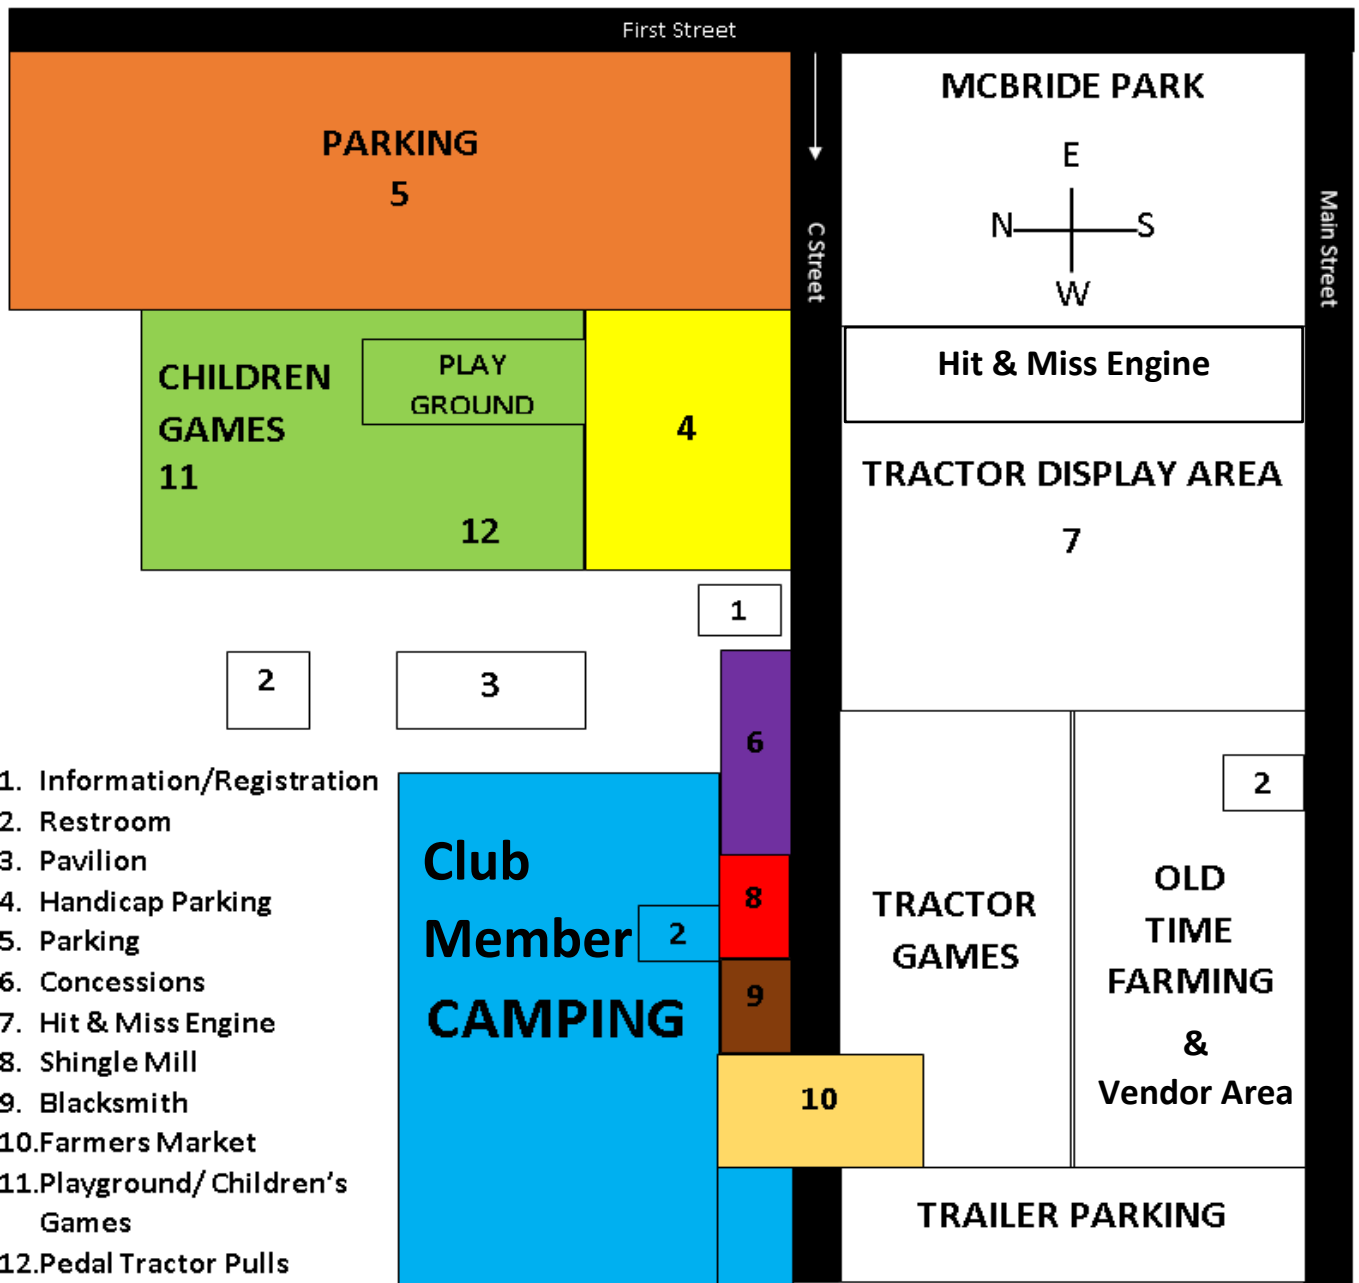

July 24th & 25th 2020

McBride Park- McBride, MI

Located on Wyman Rd just north of the Drag Strip.

Old Iron Antique Tractor Show Map

President's Welcome

The Old Iron Antique Tractor Club would like to welcome you to our 2020 Event and Show booklet. Sit down, take a few minutes, and browse through it. Like any organization, you must get the word out to the public: where you are going to be and what you are going to be doing. Hopefully, by the club publishing this booklet and telling the public a little about what we do, we have accomplished our mission.

A little history of our club. On April 22, 2015 a few tractor owners held a meeting to see if there was enough interest in starting a club. There were nine people at that evening meeting, and today we have over 175 active members and family members. The Old Iron Antique Tractor Club is a family oriented club. We enjoy good family potlucks along with a campfire to sit around at night. Some of our 2020 community events include 5 parades, 5 pedal tractor pulls, 4 tractor drives, 4 weekend camp outs, and crossing the Mighty Mac.

So come on out for the day, or enjoy all weekend, be our guest, and enjoy our hospitality, amazing displays, great food, tractor games, and demonstrations of farming heritage. You'll have a great time!

Speaking on behalf of the members and officers, I would like to take this opportunity to gratefully acknowledge the continued support of the communities, businesses, and individual advertisers that enable us to publish the Event and Show booklet each year. We hope our readers enjoy the content, utilize the information, and patronize our advertisers throughout the year. As always, we appreciate all the guests, exhibitors, and members who come out and help us revisit those "Days of Old **Down On The Farm**".

Bruce Reynolds, President
(616) 755-2147

Welcome to our Show

The Old Iron Antique Tractor Club is pleased to welcome you to our 5th Annual Antique Tractor Show. Along with the antique tractors and antique garden tractors, we have a great variety of displays and activities planned for you this year. Our show will be 9 am to 4 pm, on Friday and Saturday July 24th & 25th at the McBride Park, in McBride, Michigan. Our featured tractor this year is the Massey Harris and featured garden tractor is the John Deere.

Activities at this year's show include:

- Opening Ceremony
- Hit and Miss Engines – A “hit” last year was the hit and miss engine display.
- Farmer's Market
- Antique Farm Equipment – See farm equipment of year's past
- Antique Tractor and Garden Tractor Games – A fan favorite, fun games with our tractors
- Children's Activities – Face painting, pedal tractor pull, games, petting zoo and playground
- Kid's Pedal Tractor Pull – Kids love to hop onto mini tractors to pedal along. Free, with prizes for all participating children (Ages 3-10).
- Crop Demonstrations – combining wheat and baling straw.
- Shingle Mill – A favorite display last year, souvenir shingles will be made
- Blacksmithing – A blacksmith will demonstrate techniques, and will stamp the souvenir shingles
- Concessions – Hamburgers, hotdogs, kettle corn, beverages, and ice cream
- Bingo
- Pie Contest
- Queen Contest
- Friday night parade –Come to watch or bring your decorated vehicle, golf cart, or bicycle, and participate in the parade.
- Poorman Pullers - Garden Tractor Pull (Saturday 5-8)

12pm-4pm Petting Zoo
1pm-2pm Pedal Tractor Pulls
1pm-4pm Clown Balloon Artist and Face Painting

(Times are subject to change)

Poorman Pullers Garden Tractor Pulls

The Poorman Pullers have been around for 20+ years. Most of those years the club pulled strictly motorcycle powered tractors. In the past, the club had three garden tractor classes and two 4-cylinder engine classes, one of which put motorcycle engines vs car engines. Now, the club pulls only garden tractors. There are five classes. Stock; Sport Stock; Stock Altered; Big Stock; and Factory V-twin. They pull on their home track in Harvard, and other festivals or shows. The club strives to provide a fun and fair pulling experience for all their members, as well as any visitors that come to pull with them. This will be the second year the Poorman Pullers will be at our show. Come to see some great garden tractor pulling action on Saturday, July 25, from 5-8 pm.

Special Thanks

The Old Iron Antique Tractor Club would like to offer a special thank you to **Vickery Agency- Farm Bureau Insurance**, in Stanton, for their long time sponsorship of our club and continued support in the creation of our annual show booklet.

Vickery Agency is located at 994 N Sheridan Rd, Stanton, MI 48888. They specialize in Farm, Commercial, Home, Auto, Life insurance and Annuities.

Agent, Charlie Vickery, has over 22 years of claim and agent experience. He is supported by office administrator, Ryah Shaw and customer services representatives Lauren Jensen and Jordann Coon. Vickery Agency takes pride in making sure the client is protected accurately in the most effective way possible.

Overall Farm Bureau Insurance protects more square miles of Michigan than any other company, and they would love to help protect your piece of Michigan, too! Stop into their office or give them a call for a full review of your insurance needs. **(989) 831-4790 or cvickery@fbinsmi.com**

Registration/Information/Souvenir Tent

- Tractor and Exhibit Registration – is on Thursday and Friday. Stop by our tent on Friday to register your tractor, equipment, or exhibit.
- Information – Need help or have questions, look for our staff. They will have a STAFF T-shirt on. They will be able to guide you and answer any questions you may have about our show. A show brochure will be available listing the show activities for Friday and Saturday.
- First Aid – A first aid kit and fire extinguishers are at the information tent. Ambulances are only a 911 call away. Report any medical emergency to the information/registration tent.
- Souvenirs – Also at the tent, you will find souvenir hats, t-shirts, and other items.
- Lost & Found items will be at the tent.

Special Notes:

- Pets – Unless you have a Service Dog, please leave pets at home. Never leave a pet in a vehicle.**
- Alcohol will not be allowed at our show.**
- No dogs allowed on show grounds**
- Old Iron Antique Tractor Club is not responsible for lost or stolen items. The Lost and Found is located at the Information Tent.**

Safety

Any tractors or engines that are running shall not be left unattended.

There shall be no more than two (2) persons on one tractor that is moving at one time. No fender's mean no riders.

All belted equipment must have a safety rope or tape around it when in operation.

Anyone driving a tractor, or any powered equipment must be on the equipment in a position as to be in full control of the vehicle.

Mower decks must be removed, or blade belts detached on all displays.

Parents are fully responsible for their children.

Speed Limit shall not exceed 5 miles per hour on grounds for all vehicles.

No alcohol allowed on grounds during show time.

No person intoxicated, or under the influence of drugs or alcohol, shall be allowed to operate any equipment, or be close to any equipment in operation.

Drivers must be at least 16, have valid driver's license, and proof of insurance for golf carts, UTVs and similar types of vehicles to enter our grounds.

Bicycles, mopeds, go-carts, unauthorized people movers, unauthorized ATVs, UTVs, RTVs, and side by sides are not allowed on grounds or in the campground.

1. Minimum age limit of thirteen (13) years for operating a tractor, unless the child is accompanied by an adult or parent.
2. People movers require a seat for each passenger.
3. All vehicles operating after dark must have and use proper lighting.
4. No glass containers allowed in display area.

Concessions

Who doesn't have a favorite concession food? We have all the favorite foods, you just can't get enough of. Luckily we have a wide variety here to please every craving. Whether it is a hamburger, hot dog, pulled pork, fresh pizza, ice cream, kettle corn, and drinks.

We will have it all!

Antique Garden Tractors

Our tractor shows just wouldn't be complete without antique garden tractors. There will be garden tractors on display at all of our tractor shows, and even in parades. If you have an antique garden tractor, and would like to display it at our club events, contact

Rick Withey at 989-561-2242. He will be able to answer any questions you may have.

Shingle Mill

Before asphalt and steel roofing, wooden shingles were widely used on various buildings. A tractor and belt-driven portable shingle mill will be demonstrated, making souvenir shingles. Shingles will be branded by the adjoining blacksmith, creating a souvenir show shingle.

Blacksmith Shop

Jump back in time and experience blacksmithing as it was done in the "good ol days". Our blacksmith will answer questions you may have about the skills, and will be doing demonstrations throughout the day on Saturday at our show. You'll have to visit him to see what he is making. Pick up a shingle from the shingle mill and have him brand it.

All Tractors Welcome!

Do you have a tractor or garden tractor you would like to share with us? You don't have to be a member of Old Iron to join our show. Bring your tractor on Thursday or Friday. Tractors of all makes and models are welcome. They can be all shiny and clean, or even in their field clothes! Registration will be at the Information Tent at the east part of the Park, alongside the driveway, on Thursday and Friday. Parking and unloading areas for tractor trailers are available onsite. This year the featured tractor is the Massey Harris. If you own one (or more) you are welcome to join the featured tractor display at our show. The featured garden tractor is John Deere.

We are looking forward to seeing the young and old here at the 5th annual Old Iron Antique Tractor Show.

Farmer's Market

We will be hosting a Farmers Market on Saturday. The market will feature produce as well as handmade items, including crafts, baked goods, jellies, and syrups.

To be a vendor please contact Aaron or Nicole Hadley by phone at 989-427-3787. The market will be outside and you will need to provide your own set up. Space is limited.

Parade Throuah McBride

On Friday night July 24th we will be having a parade through the village of McBride. We will begin to line up at 7PM (at the south end of the field of tractors) and the parade will start at 7:30PM. The theme for the parade will be "Down On The Farm". Anyone can join us so please get creative and decorate your tractor, bike, golf cart, or anything you can drive or ride on. If you want to give candy you will need to walk the route (no throwing candy from moving objects). For more information contact Bruce Reynolds (989) 755-2147.

Old Iron Antique Tractor Club 2020 Calendar

May

- 16 McBride Park Clean-up Day
- 20 Tractor Club Meeting, 7 pm, McBride Park
- 22-24 Club Spring Camping at Hansen's

- 28-30 Blanchard Steam and Gas Engine show (see page 77)

September

- 11-12 Edmore Potato Festival (see page 79)

October

- 10 Kemler Steam Engine Show (see page 82)

Featured Tractor

Featured Tractor – Massey Harris

In 1891, Massey Manufacturing merged with A. Harris, Son & Co., Ltd. To become Massey Harris Limited, and became the largest agricultural equipment maker in the British Empire. Massey-Harris made threshing machines and reapers as well as safety bicycles.

Massey-Harris's early tractor models included the 20 horsepower Massey-Harris GP 15/22 (1930-36), 25 horsepower Massey-Harris Pacemaker (1936-39), 35 horsepower Model 101 (1938-42), Massey-Harris Pony, Model 20, Model 81, and Model 744.

During and after World War II, Massey Harris undertook a number of contracts to produce tractors, tanks, and self-propelled artillery vehicles for the U.S. Military. The final generation of Massey-Harris tractors, introduced immediately after World War II, included the 25 horsepower -H 22 series, the 35 horsepower M-H 33 series, the 45 horsepower M-H 44 series, and the 55 horsepower M-H 55 series. In 1952, the M-H 22 was replaced by the M-H 23 Mustang. In 1955, the 30 horsepower Massey-Harris 50 was introduced after the merger that created Massey-Harris-Ferguson.

Massey Harris also produced one of the world's first four-wheel drive tractors. In 1953, Massey-Harris merged with the Ferguson Company to become Massey-Harris-Ferguson. The name was shortened to Massey Ferguson in 1958. Massey Ferguson developed a wide range of agricultural vehicles and have a large share in the market across the world especially in Europe. In December 1957, the MF35, the first Massey Ferguson branded tractor rolled off the factory floor.

In 1959, Massey bought 100% of Landini, based in Italy. Landini has built many models for Massey over the years, especially vineyard and crawler models. Massey sold 66% to ARGO SpA in 1989, some to Iseki later on, and the final portion was sold to ARGO in 2000. In 1968, Massey Ferguson began producing a line of snowmobiles by the name "Ski Whiz". The snowmobile line was discontinued in 1977, due to a decline in sales.

Featured Garden Tractor- John Deere

A History of the John Deere Garden Tractors

In 1963, John Deere added to their farm tractor family, and introduced the garden tractor model 110. The 110 was manufactured in Horicon, Wisconsin, and remains the home of Deere's lawn and garden tractors to this day. The 110 had a Kohler K161 Engine, which was a 4-stroke petrol-fueled engine with 7 horsepower, and also Variable Speed Drive. It became very popular to those who didn't need a large tractor, and was only produced during the 1963 model year. The Kohler K181 replaced the K161 in 1964.

Soon, John Deere added the Model 60, which was made for suburbia, and lawn work. It offered a variety of attachments including a pull-behind sprayer, model 80 dump cart, snow blade, and snow thrower.

The Model 112 was a larger model than the 110, and had a bigger motor and wider deck. It was made for larger jobs than the 110 and 60. The John Deere 140 had a lot of power for a small machine. It had a 14 hp Kohler engine and hydrostatic transmission.

In the 1970's, John Deere produced the 200, 300, and 400 Series riding mowers. Features included options of 8-16 horsepower, new styled hood and grill, integral headlights, engine side panels, and power steering.

In 1984, the Model 430 was introduced and was the first tractor to combine a diesel engine with hydrostatic drive and power steering. It featured a Yanmar 3-cylinder water-cooled diesel engine. The 430 weighed 1,170 pounds, making it the heaviest and strongest John Deere machine of its time. Also, during the 1980's, the R Series and S Series were designed to work both small and large pieces of land. The R Series was good for smaller areas and had a 5-speed gear-drive transmission and tight turning radius of 27 inches. The S Series was used for bigger areas, and had an electric start, 30-inch cutting width and an 8 horsepower engine.

In the 1990's, JD created the LT133, LT Series, LX Series, and GT and GX Series. The LT Series was the favorite with wider cuts and ability to carry more fuel, and had an adjustable seat. Several attachments were available. The GT and GX Series were the ones used with more power and size for yard tasks. These could hook up to snow blowers and baggers, along with rear attachments like aerators and utility carts.

Now in the 2000's, John Deere developed the LA Series and the X Series. The LA models are used for medium and large lawns. They have full-length steel welded frames, headlights, comfortable operator station, and Edge Cutting systems. It also has the patented Cargo Mount system allowing users to attach large baggers or other heavy rear-mounted equipment.

The X Series can transfer power to the wheels through the hydrostatic transmission to save time during operation and eliminate unnecessary gear-changing to speed up or slow down.

Special Note: From 1963 to 2018, 248 different John Deere garden tractor models were produced.

Do you own a John Deere Garden Tractor? You can display it in our Old Iron Antique Tractor Show. Just come and add it to our show display. Set up is on Thursday or on Friday morning.

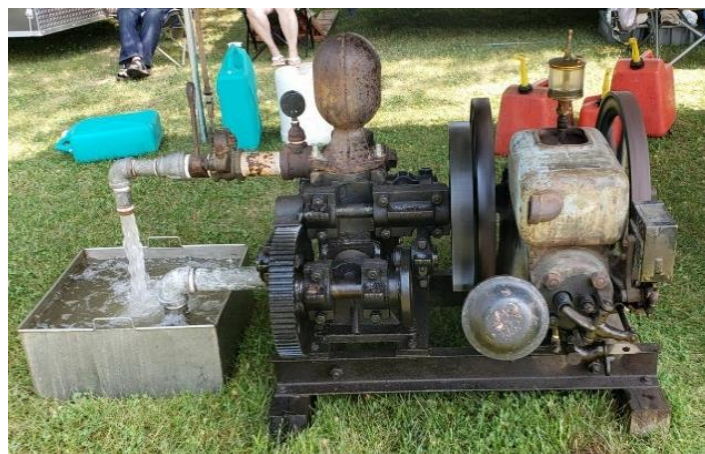

Tractor Games

Have you ever watched a tractor or a garden tractor push a barrel across a field? Or a tractor driver carry a golf ball on a spoon over an obstacle course? A slow race? No!!! Well, you are in for a treat and a really fun and laughter-filled time. Our antique tractor and garden tractors will be competing in these and other tractor games on Saturday. Join us and cheer on our drivers. Have a tractor here on display? You can compete too!

Featured Engine: Hercules

Hit & Miss Engines

What were engines used for?

In the first part of the 20th century most farms in North America did not have electrical power or farm tractors. Heavy power was provided by horses and mules. Thousands upon thousands of small gasoline-and kerosene-fueled engines were made available to provide power for operating various farm equipment, machinery and household items.

Some of the many usages were as follows:

- pumping water - sawing wood - grinding feed - shelling corn - washing clothes - separating cream - running grindstones - churning butter - generating electric - operating line shafts which in turn could run multiple machines at the same time.

Family Fun and Road Trips

The Old Iron Antique Tractor Club is very family oriented. All of our activities include family members. During the year, adults, young adults, and children participate in the tractor shows, parades, tractor games, and pedal pulls. Our club also enjoys several road trips during our year. We would love to include your family. Come to visit our tractor shows, and consider joining the Old Iron Antique Tractor Club for great family fun. See page 84 for information about joining, including a membership form.

In Memory- Bill Scharaswak

Edmore-William "Bill" Edward Scharaswak, age 51, of Vestaburg, passed away surrounded by his family, at his home on Wednesday, March 25, 2020. Bill was born in Greenville on November 6, 1968, the son of James and Barbara (Raymond) Scharaswak. He was raised in Six Lakes, and attended Lakeview Community Schools, graduating with the class of 1987. Bill worked at JB and Sons, their family owned buffing shop in Six Lakes and also at Blough's in Lowell for over 20 years. He met the love of his life, Terry Jo Myers at a mutual friend's birthday bonfire, and they were married on October 3, 1992. Bill enjoyed rides on the golf cart, bowling, old cars and traveling, especially taking vacations up north. He was a member of the Old Iron Tractor Club and drove tractors across the Mackinac Bridge many times. He loved tinkering in his garage and could fix anything. Bill was willing to help anyone and never expected anything in return. His granddaughters had him wrapped around their little fingers and Gracie would instantly take things to Grandpa. Bill was an amazing family man, a great husband and an excellent father.

What is an arbor?

An arbor is a Gleaner service club that gives back to its community through projects and donations funded by Gleaner Life. As a member owned not-for-profit organization, arbors also provide members with a voice in how Gleaner does its business.

Who can join an arbor?

Arbors consist of individuals who have joined Gleaner as either a benefit or social member. Members are not required to participate with an arbor but are encouraged to do so.

In 2017-18 Entrican Arbor reported 1075 hours of volunteer service and donated \$5,376 to individuals and organizations in their community. Entrican Arbor continues to assist those in need and is always looking for new members to join their efforts.

For meeting dates and to see how you can get involved, contact: Vickie Riley barney.tessa@yahoo.com or (616) 302-6812.

Support your local
community with
Entrican Arbor!

Annual Mackinac Bridge Crossing

September 11, 2020

The antique tractor drive across the Mackinac Bridge (Mighty Mac) was started by Bob Baumgras of Owosso Tractor Parts in 2007. The first crossing was in September, 2008. The first event featured 614 tractors. In 2015, 1091 tractors participated. Last year the total was 1,168 tractors. The weekend features the Bridge parade, tractor staging in St. Ignace, tractor games, food, merchandise, downtown St. Ignace tractor parade, music, and lots of conversations with fellow tractor families. For a complete schedule, go to:

www.mackinacbridgecrossing.com.

The Mackinac Bridge is a five-mile span over the Straits of Mackinac that connect Michigan's Upper and Lower Peninsulas. It opened for travel on November 1, 1957. The antique tractor drive starts off in Mackinaw City, Michigan, and travels over the bridge on and through St. Ignace, Michigan. Tractors are staged on the Mackinaw City side to begin the parade, and at the end of the event are staged at downtown St. Ignace for a Friday and Saturday showing to the public. The bridge crossing is always the Friday after Labor Day. The Old Iron Club participated last year with 27 drivers and 16 buddy riders crossing the bridge. Several tractors had buddy riders: a passenger on the tractor with the driver.

Want to join our Club?

Would you like to join our club? Any antique tractor or garden tractor owner is welcome. Membership is \$25 a year. A membership includes all family members up to 18 years of age. You can join at a meeting, or mail in your dues along with the attached form. If you have any questions, contact President Bruce Reynolds, or any of the officers of the club listed on the previous page. Members are not required to attend all activities; however, there are many to choose from: tractor shows, parades, tractor rides, pot lucks, and camping. Meetings are held monthly, the third Wednesday, in McBride at the Park.

Old Iron contact information:
